Director

Pileus, Iztok Miklavčič s.p.

environment.pileus.si; logistics.pileus.si

Bilateral Meetings

- Tuesday 10:00 - 16:00

Description

Pileus, environmental solutions is a company with rich experiences in the area environmental monitoring. Our main area of expertise is monitoring of the climate and soil monitoring.

Agriculture is the most vulnerable to the climate change. So know your local soil and weather characteristics for easier adaptation to the environmental challenges.

We are also offering solutions for a temperature sensitive logistics problems.
