

Bojan Selko

SEL TRANS d.o.o.

Bilateral Meetings

- Tuesday 10:00 - 16:00

Description

We are providing transport services for customers within Europe, mainly Central Europe. We offer services for national and international transport. The transportation and logistics solutions are tailored to customer requirements and wishes. We provide transport services for customers that ship or receive goods, from various sectors, as well as truck dispatching services useful for carriers. We offer our customers native speakers, with more than 20 years of experiences in transport, logistics and storage to ensure high quality performance.
